

LEEWIN  
COAST

# Albany Rock Oysters

Sustainably grown in the pristine  
waters of Oyster Harbour, Albany

*Thriving in these cool, nutrient-rich waters, the estuarine environment gives Albany Rock Oysters a rich flavour profile that is completely unique to this region.*

## Estuary Type

Oyster Harbour, permanently open oceanic and fresh water.

## Water source

King & Kalgan River (Freshwater) and the Southern Ocean (Saltwater).

## Tasting Notes

Creamy and soft, rich with a briny finish. The endemic vegetation surrounding the Albany waterways adds a distinctive floral complexity to the already bold umami flavours.

**HARVEST**  
ROAD

39 Roe Parade  
Emu Point 6330  
Western Australia
